DETAILED ACTION

Response to Appeal Brief

1. Applicant's request for reconsideration, by filed an appeal brief received on 12/01/05, of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn. The decision was made after an appeal conference recently of the examiner with SPE Christopher Grant and SPE John Miller.

Allowable Subject Matter

2. Claims 1-37 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Regarding claims 24 and 31, the closest prior art of Hendricks (6,539,548 B1) fails to teach or suggest a machine readable medium having stored thereon data representing sequence of instructions for performing the steps and its corresponding method for *displaying at a user terminal a list of entertainment programs and, for each entertainment program, a plurality of different upgraded media*; transmitting an entertainment program selection together with one or more upgraded media feature selections from the displayed plurality to an entertainment program provider; and receiving the selected entertainment program with the selected upgraded media features as cited in claims 1 and 14 and the providing steps to the client system. Hendricks does offer enhanced features for channels, i.e., programs on channel 37 but not for each program of that channel. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
